PARENT/TEACHER INTERVIEWS

On Monday the teachers were able to spend some productive time with families, conducting parent/teacher interviews. The session was a valuable time for teachers and parents to share how the year has started off for their child and pass on valuable information. These interviews are just one form of communication between the school and home which ensures effective partnerships and that we are “working together”.

EFFORT UNITY RESPECT ORDER ACHIEVEMENT

ROSS'S REPORT

First term is quickly passing us by. With a long weekend coming up, it is a good chance for everyone to have a short break before the last three weeks of term 1. I am continually impressed with the settled nature of our classes and students as I walk around the school. It is wonderful to see so much engaged learning and focussed students right across the school. The rest of the term should continue to present great learning opportunities for our children.

Our 8 member regional swimming team competed brilliantly in Shepparton yesterday. Every member of our team completed a Personal Best time in their event. Congratulations to Rachael, Ellie, Harrison M, Cohen, Darby, Harrison D, Mitchell and Arron on this superb achievement. Their results are included in today's newsletter.

Parent/Teacher Interviews were conducted on Monday. Most families were able to attend, but if you were unable to make it, please see your child's teacher to make a time to meet. We aim to have strong communication between the school and families, and the interviews are a great method to do this. We also use the newsletter, notices home, your child's diary, Skoolbag app and Facebook to provide information.

FOUNDATION STUDENTS – will attend school on Wednesdays from next week – March 15th.

SCHOOL BANKING – Parents are asked to please make sure that the deposit slips for your child's banking are filled out in full.

HEALTH & PHYSICAL EDUCATION (HPE)

Jayde Burden

Congratulations to all our regional swimmers who competed in Shepparton yesterday. It was a huge achievement to make it to that level and you have all represented our school with great honour.

This week in Health, students have wrapped up their SunSmart learning and some have begun to learn about aspects of community health. The F/1s have explored who is available around our community to help them, while some grade 5 and 6 students have begun to explore what health messages and initiatives they have come across in public. In PE, our 3/4 students have investigated bouncing and catching techniques, while our grade 1/2 students have rehearsed and furthered their throwing skills.

I have been most impressed by the students having a go at all the activities and trying their best. Even in these dry and hot conditions, it has been fantastic to see the effort that has been continuously demonstrated- Well Done!

VISUAL ART

Pauline Fraser

This week we were inspired by a book called ***The Hunted Whale*** by James McGuane; a spectacular photographic exploration of American whaling in the age of sail. We looked at some amazing photos of the sperm whale's teeth, the skeleton as well as the fascinating art of scrimshaw the intricate carvings that whalers made on whale's teeth and small sculptures carved from whalebone.

Angus printing his incredible whale

Peta with her wonderful model of a boat, a girl and a teapot

Next week senior students will have the opportunity to experience the art of scrimshaw just like the early whalers. Of course, we will not be carving into whalebone, we will be using small plaster forms instead but the process will be very similar.

The *Scrimshaw* carving on a whale's tooth portrays a whaling ship with a whale tied to the side of the ship.

Could you be a permanent care parent?

There are a number of children supported by the Department of Health & Human Services who require a *family for life* as they are unable to live with their birth families. We are seeking committed and motivated people who would be interested in learning more about providing a permanent family for a child.

Assistance payments are made to the Permanent Care family to assist with the day to day expenses of caring for a child/young person. Assistance payments are considered to be a reimbursement for expenses and not an earned income.

We are also keen to speak with families who are particularly interested in caring for children aged between 5 and 10 years.

Information sessions are being held on:
