3/4 ALEXANDRA ADVENTURE CAMP

Our 3/4 students returned from three fabulous days at Alexandra Adventure Camp yesterday. Although the Challenge Swing and Archery were great fun, most students' highlights were the activities that involved water in the hot conditions. Raft Building and Canoeing were great, with the students not even slightly concerned about falling in!

EFFORT UNITY RESPECT ORDER ACHIEVEMENT

ROSS'S REPORT

Although I only got to spend a short time on the 3/4 camp I thoroughly enjoyed seeing the students challenging themselves and having a wonderful time at the camp. With many of these students on their first camp, it can be a challenging time, but I was delighted with the determination, resilience and confidence that they showed. I would like to thank Peter, Jason, Tyson and Josh for their enormous contribution as "Dads" on the camp. Our camps cannot run without our volunteers and we appreciate everything that they do. I would also like to acknowledge the staff who spend an enormous amount of time planning the camp, and then spend time away from their families so that our students can enjoy this great opportunity. Jenny and Tammy spent time at the camp, and I would like to thank the three teachers who organised the camp, Amy, Monique and Kim.

At the end of this week our school comes to the end of an era, when Ian and Chris Day will finish in their role of cleaners at our school. Ian and Chris have been here for 34 years and have made a wonderful contribution to our school. On behalf of the school community I thank them for their work and all of the effort they have put into our school. I am sure you will join with me in wishing them all the best for the future.

We have two cattle sales that are going to be quite large in December. They are on the first two Wednesdays. They are good money makers for our school with the running of the canteen making some good money. If you are able to assist with the canteen, please talk to me, or leave your name at the office.

Next Thursday is the school's final Curriculum Day for the year. Students do not come to school on this day. The teachers will be working with a guest speaker about quality teaching and classroom management. As a result, the newsletter will be sent home on Friday next week.
