NATIONAL YOUNG LEADERS' DAY

Ten grade 6 students were given the opportunity to join around 3000 students at the Melbourne Convention Centre for the National Young Leaders' Day on Monday. The students listened to several inspiring speakers and were encouraged to reflect on their own leadership skills and qualities.

EFFORT UNITY RESPECT ORDER ACHIEVEMENT

ROSS'S REPORT

It was great to take our 10 grade 6 SRC representatives to Melbourne on Monday for a Leadership experience. The students listened to many speakers including Australian Olympian, Leisel Jones, Cotton On Foundation CEO Tim Diamond, and Melbourne Stars player Holly Ferling. The students enjoyed their experience and will share what they learnt at an assembly next term.

Talking about leadership, our grade 6 "Leaders" shirts arrived this week. We have some formal leadership roles at our school, but we expect all of our grade 6s to be leaders throughout the school. Every grade 6 gets the opportunity to be a leader in their role as a buddy, and while in the classroom and in the yard we want the rest of the school to look up to our grade 6s for guidance. It always makes me proud when I reflect on how well all our grade 6s do this.

Jenny and I attended the PBS Conference in Melbourne last week, which was a great opportunity to reflect on how well we are doing in supporting our students. It was great to hear from international speakers and hear the latest research in providing a Positive school environment for everyone.

VISUAL ART

Stories About Boats

Maisy, Daisy and Ellie are creating frothy bubble prints on their boat picture. (left)

We are moving on to a new theme based on Easter symbols and images until the end of term 1.

Students will have the opportunity to interpret their ideas using a wide range of materials including air drying magiclay, clay modelling, painting and drawing, sewing, cardboard and papier mache.

We still need lots of small boxes and containers if you can help out please.

Does your child get 60 minutes of physical activity every day?

Make your move- Sit less, Be active for Life!

What's it all about?

Being physically active is good for kids' health, as well as being a great way for them to make friends and to develop physical and social skills.

What is....

Physical activity? – any activity that gets children moving, makes their breathing become quicker, and their hearts beat faster. Children can be physically active in many different ways, at any time of day.

Sedentary behaviour? – is characterised by sitting or lying down (except for when sleeping). The use of electronic media can be a big contributor to children's sedentary time.

Children are individuals- they grow and develop physical skills and abilities at different rates. Providing opportunities for active play will allow your child to continue to grow and develop at their own pace. It is important to promote healthy bodies and minds, and to limit children's sedentary behaviour, regardless of how much physical activity they do.
